

This faceted cube is an exciting object with its transparent or mirrored parts which create a special atmosphere through the images it reflects. Optic is a container cube in PMMA which comes in two versions: closed with a door or with one open side. Its surface is strikingly decorated with square based pyramids, slightly in relief, which, whether transparent or mirrored, create a strong visual impact. Optic measures 41 x 41 x 41 cm. and offers a myriad of potential combinations whether by placing the cubes next to each other, by stacking them or by creating linear compositions. Depending on their quantity and arrangement, they can charmingly fulfil a wide variety of needs.

## 3500 / 3510

### Transparent
