

Tiramisù Andries Van Onck

This is a functional 3-foot folding stepladder with slip-resistant finish. Tiramisù features a light supporting structural design: the curved bars offer support on the ground and the handle constitutes not only a robust support feature during use, but also a practical functional tool after use. Thanks to its design it is possible to mount Tiramisù on the wall. The lightness of the material, the practicality of the closing mechanism, the versatile colours and the formal elegant allow Tiramisù to be used with total freedom in any furnishing context. The stepladder can support a maximum weight of 260 kg.
